

Argonne Named Postdoctoral Fellowship Program seeking applicants

The Argonne Named Postdoctoral Fellowship program is currently seeking applications.

The director's office initiated these special postdoctoral fellowships at Argonne to be awarded internationally on an annual basis to outstanding doctoral scientists and engineers who are at early points in promising careers. The fellowships are named after scientific and technical luminaries who have been associated with Argonne and its predecessors, and the University of Chicago, since the 1940s.

Candidates for these fellowships must display superb ability in scientific or engineering research, and must show definite promise of becoming outstanding leaders in the research they pursue. Fellowships are awarded for a two-year term, with a possible renewal for a third year, and carry a stipend of \$76,000 per annum with an additional allocation of up to \$20,000 per annum for research support and travel.

To apply for an Argonne Named Postdoctoral Fellowship the following documents must be sent via e-mail to Named-Postdoc@anl.gov by Nov. 3. In the subject line, include the name of the candidate.

- Nomination memo (two pages or fewer) from Argonne sponsor
- Research proposal (two pages or fewer)
- Three letters of recommendation from non-Argonne staff
- Curriculum vitae
- List of publications, abstracts and significant presentations
- Graduate school and undergraduate transcripts

The sponsor could be someone who is already familiar with the applicant's research work and accomplishments through previous collaborations or professional societies. Applicants who have not yet identified an Argonne sponsor can visit the detailed Web sites of the various Research Programs and Research Divisions on the [Argonne public Web site](http://www.anl.gov). (<http://www.anl.gov>)

All correspondence should be addressed to the Argonne Named Postdoctoral Fellowship Program. One application is sufficient to be considered for all named fellowships. For additional details, visit the [Argonne postdoc Web site](http://www.dep.anl.gov/postdocs/). (<http://www.dep.anl.gov/postdocs/>)
